3

² Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Solicitation Procedures Order or the Plan.

9. As further detailed herein, pursuant to the Solicitation Procedures Order, GCG solicited votes to accept or reject the Plan from Voting Creditors holding Claims in the following Classes (the "Voting Classes"):

Class	Description
3	First Lien Secured Claims
4	Second Lien Secured Claims
5	General Unsecured Claims

Beneficial Owners of the Debtors' Publicly-Traded Securities

- 10. As of the Voting Record Date, the Debtors had the following issued and outstanding publicly-traded security: 9.75 % Senior Notes due 2020 issued in the principal amount of \$2,250,000,000 bearing CUSIP number 796038AC1 (the "Senior Notes").
- 11. The identities of the vast majority of the underlying beneficial owners of the Senior Notes (the "Beneficial Noteholders") are concealed by the broker/client relationship. Banks, brokerage houses, and other financial institutions hold the Senior Notes on behalf of the underlying Beneficial Noteholders in "street name" through The Depository Trust Company ("DTC") and serve as nominees (each a "Nominee") for the Beneficial Noteholders. Therefore, to effect service of the appropriate solicitation materials on the Beneficial Noteholders, GCG coordinated with the Nominees as well as the Nominees' mailing agents including Broadridge Financial Solutions, Inc. ("Broadridge") and Mediant Communications Inc. ("Mediant", together with Broadridge, the "Nominee Mailing Agents").
- 12. Beneficial Noteholders that held the Senior Notes as of the Voting Record Date are members of Class 5 (General Unsecured Claims).

Methods for Casting Votes

Creditor to cast its vote—either through the online voting portal maintained by GCG (the "Balloting Portal") or through a paper ballot returned to GCG ("Paper Ballots," which includes Class 3 Paper Ballots, Class 4 Paper Ballots, Class 5 Paper Ballots, and Class 5 Paper Master Ballots (as such terms are defined below)). As detailed below, along with an appropriate Paper Ballot, GCG provided Voting Creditors with "voting instructions" describing to Voting Creditors the means of accessing the Balloting Portal (the "Online Voting Instructions"). For Voting Creditors with Voting Claims not arising from Senior Notes, the Online Voting Instruction included a unique, secure log-in needed by the Voting Creditor to submit a vote through the Balloting Portal. For Nominees for Beneficial Noteholders, the Online Voting Instructions included direction to use their relevant, unique DTC "Participant Number" to access the Balloting Portal.

Voting Deadline

- 28. The Solicitation Procedures Order required Voting Creditors to submit their votes to accept or reject the Plan and/or all decisions regarding the Third-Party Release to GCG, so that GCG actually received their submissions by 5:00 p.m. prevailing Eastern Time on February 6, 2017 (the "Voting Deadline").
- 29. The Solicitation Procedures Order required Beneficial Noteholders to submit their votes to their respective Nominee or Nominee Mailing Agent with enough time for the Nominee or Nominee Mailing Agent to include the Beneficial Noteholder's vote on a Class 5 Paper Master Ballot (or through the Nominee's online submission through the Balloting Portal) and submit the Class 5 Paper Master Ballot to GCG so that GCG actually received the Class 5 Paper Master Ballot (or through the Nominee's online submission through the Balloting Portal) before the Voting Deadline.

Tabulation of Votes

Tabulation of Paper Ballots

20. Votes Submitted by Class 3 Paper Ballot, Class 4 Paper Ballot, and Class 5 Paper Ballot (Excluding Class 5 Paper Master Ballots). Upon GCG's receipt of a Class 3 Paper Ballot, Class 4 Paper Ballot, or Class 5 Paper Ballot, GCG personnel opened the envelope containing the Paper Ballot and stamped it with the date and time received. GCG personnel then scanned the Paper Ballot into a computer database reserved exclusively for the Debtors' cases ("GCG's Samson Database") and assigned a sequential number to the Paper Ballot (the "Sequence Number").

- 31. To tabulate the Paper Ballots GCG reviewed the Paper Ballots (including for timeliness) and recorded all pertinent information from each Paper Ballot, including but not limited to the date of receipt, assigned Sequence Number, voting dollar amount, acceptance or rejection of the Plan, whether the Voting Creditor opted-out of the Third-Party Release, and, for Class 3, whether the Voting Creditor opted-in to receive the "Exit RBL Facility."
- 32. **Votes Submitted by a Class 5 Paper Master Ballot**. Upon GCG's receipt of Class 5 Paper Master Ballot, GCG personnel opened the envelope containing the Paper Ballot and stamped it with the date and time received. GCG personnel then scanned the Paper Ballot into GCG's Samson Database and assigned the Paper Ballot a Sequence Number.
- 33. To tabulate the Class 5 Paper Master Ballots, GCG reviewed the Paper Ballots (including for timeliness) and recorded all pertinent information from each Paper Ballot, including but not limited to the date of receipt, assigned Sequence Number, voting dollar amount voted by each Beneficial Noteholder through the Paper Ballot, the account number (or other reference number included by the Nominee to identify each Beneficial Noteholder), each Beneficial Noteholder's acceptance or rejection of the Plan, and whether the Beneficial Noteholder opted-out of the Third-Party Release.

Tabulation of Online Votes

Voting Creditor. Upon the submission of an online vote by a Class 3, Class 4 or Class 5 (non-Beneficial Noteholder) Voting Creditor, the Balloting Portal programmatically assigned a Sequence Number to the vote and recorded, among other things, the date and time the vote was submitted, contact information for person submitting the vote on behalf of the Voting Creditor, whether the vote was to accept or reject the Plan, whether the Voting Creditor opted out of the Third-Party Release, and, for Class 3, whether the Voting Creditor opted-in to receive the "Exit RBL Facility." The Balloting Portal then automatically generated and e-mailed to the Voting Creditor a "Ballot Submission Verification" providing the details of the vote.

<u>Creditors (Beneficial Noteholder)</u>. While the Balloting Portal enabled each Nominee or Nominee Mailing Agent to convey the votes of Beneficial Noteholders electronically, in this case, no Nominee or Nominee Mailing Agent availed themselves of the Balloting Portal. All Nominees and Nominee Mailing Agents that submitted votes on behalf of their Beneficial Noteholders used Class 5 Paper Master Ballots.

⁷ On the Balloting Portal, the option to opt out of the Third Party Release was available only to Voting Creditors that voted to reject the Plan. Similarly, Paper Ballots and Online Voting Instructions informed Voting Creditors that if they voted to accept the Plan or abstained from voting, they would be deemed to consent to the Third Party Release.

⁸ On the Balloting Portal, the option to opt-in to receive the "Exit RBL Facility" was available only to Voting Creditors that voted to reject the Plan. Similarly, Paper Ballots and Online Voting Instructions informed Voting Creditors that if they voted to accept the Plan, they would receive their share of "Exit RBL Recovery," if they voted to reject the Plan and did not make this election, they would receive their share of the "Exit Term Loan," and if they choose not to vote, they would receive their share of the "Exit Term Loan."

Determination of Voting Amount

Voting Amount for Voting Claims Not Based on Senior Notes

- 36. In accordance with the Solicitation Procedures Order, GCG used the following hierarchy to determine the validity and amount at which to tabulate each Voting Creditor's vote (with the exception of votes cast by the First Lien Lenders and Second Lien Lenders):
 - a. first, the Claim amount in a timely filed Proof of Claim (or deemed timely filed by the Bankruptcy Court), excluding any amounts asserted on account of interest accrued after the Petition Date, *provided* that, to the extent the Claim amount in the Proof of Claim was different from the Claim amount set forth in a document filed with the Bankruptcy Court, the Claim amount in the document filed with the Bankruptcy Court supersedes the Claim amount in the respective Proof of Claim;
 - b. second, the Claim amount Allowed (temporarily or otherwise) pursuant to a Resolution Event under the Solicitation Procedures;
 - c. third, the Claim amount (i) settled and/or agreed upon by the Debtors, as reflected in a document filed with the Bankruptcy Court, (ii) set forth in an order of the Bankruptcy Court, or (iii) set forth in a document executed by the Debtors pursuant to authority granted by the Bankruptcy Court;
 - d. fourth, the Claim amount listed in the Schedules, provided that such Claim was not scheduled as contingent, unliquidated or disputed and/or had not been paid; and
 - e. in the absence of any of the foregoing, zero.
- 37. Pursuant to instructions from Debtors' counsel, GCG tabulated votes from each First Lien Lender in the aggregate amount of the principal owing under the First Lien Term Loan as set forth in a spreadsheet provided to GCG by the First Lien Agent (each, the "First Lien Lender Voting Amount") with the exception of the Bank of Montreal ("BM") as further described in paragraph 56.

- 38. Pursuant to instructions from Debtors' counsel, GCG tabulated votes from each Second Lien Lender in the aggregate amount of the principal owing under the Second Lien Term Loan as set forth in a spreadsheet provided to GCG by the Second Lien Agent (each, the "Second Lien Lender Voting Amount").
- 39. If a Voting Creditor submitted a vote on account of a timely filed Proof of Claim that was contingent, wholly-unliquidated, or unknown amount, then GCG tabulated the vote in the amount of \$1.00.
- 40. If a Voting Creditor submitted a vote on account of a timely filed Proof of Claim that was partially liquidated, then GCG tabulated the Voting Amount of that Claim as only the liquidated amount.
- 41. If a Voting Creditor submitted a vote on account of a Scheduled Claim that was contingent, unliquidated, disputed, or paid for which no corresponding timely Proof of Claim was filed, then GCG did not tabulate any votes based on such Scheduled Claim unless there was a Resolution Event that entitled the holder of that Scheduled Claim to vote the Claim.
- 42. If a Voting Creditor submitted multiple valid votes on account of the same Voting Claim, then GCG tabulated only the latest valid vote for that Voting Claim, and that vote was deemed to supersede and revoke any other vote cast for that Voting Claim.
- 43. If a Voting Creditor submitted a vote on account of a Claim to which the Debtors objected by January 24, 2017 and the Debtors sought to disallow or expunge that Claim in its entirety, then GCG did not tabulate any vote based on that Claim.

- 44. If a Voting Creditor submitted a vote on account of a Claim to which the Debtors objected by January 24, 2017 and the Debtors sought to reduce and allow that Claim, then GCG set the Voting Amount of that Claim as the reduced amount listed in the Claim Objection unless the Court ordered otherwise.
- 45. If a Voting Creditor submitted a vote on account of a Claim to which the Debtors objected by January 24, 2017 and the Debtors sought to reclassify that Claim into a different Voting Class, then GCG classified and tabulated any vote based on that Claim in that reclassified Voting Class.
- 46. If a Voting Creditor submitted a vote on account of a Claim to which the Debtors objected by January 24. 2017 and the Debtors sought to reclassify that Claim from a Voting Class to a non-voting one, then GCG classified that Claim in that non-voting Class and did not tabulate any vote based on that Claim.

Voting Amount for Claims Based on Senior Notes

At the direction of Kirkland, GCG tabulated the votes cast by Beneficial Noteholders in the principal amount set forth on the Class 5 Paper Master Ballots by the Nominees or Nominee Mailing Agents. GCG reviewed the amount listed on a Nominee's or Nominee Mailing Agent's Class 5 Paper Master Ballot to ensure that no Nominee or Nominee Mailing Agent voted in excess of the principal amount of Senior Notes attributed to that Nominee or Nominee Mailing Agent based on the "securities position report" of the DTC as of the Voting Record Date (the "DTC Report"). GCG confirmed that no Nominee or Nominee Mailing Agent submitted votes in excess of the principal amount of Senior Notes attributed to the Nominee or Nominee Mailing Agent on the DTC Report.

Invalidated Votes

- 48. Except to the extent waived by the Debtors in their sole discretion, GCG did not count or otherwise consider votes meeting any of the following criteria:
 - a. any vote actually received by GCG after the Voting Deadline for which the Debtors did not grant an extension;
 - b. any Paper Ballot that was illegible or contained insufficient information to permit the identification of the holder of such Claim;
 - c. any vote cast by any person or entity that did not hold a Voting Claim in a Voting Class;
 - d. any vote cast for a Claim scheduled as contingent, unliquidated, or disputed that was not superseded by a timely filed Claim or allowed for voting purposes pursuant to a Resolution Event, or was paid;
 - e. any vote that was clearly duplicative of another vote;
 - f. any unsigned Paper Ballot or Paper Ballot lacking an original signature;
 - g. any Paper Ballot not marked to accept or reject the Plan or marked both to accept and reject the Plan;
 - h. any vote submitted by the transferee or assignee of a transferred or assigned Claim for which the transfer or assignment was not fully effectuated pursuant to the procedures set forth in Bankruptcy Rule 3001 on or before the Voting Record Date;
 - i. any vote submitted by an person or entity not entitled to vote pursuant to the Solicitation Procedures; and/or
 - j. any vote submitted by a Beneficial Noteholder directly to GCG or the Debtors (instead of their respective Nominee or Nominee Mailing Agent).
- 49. GCG complied in all respects with the provisions of the Solicitation Procedures Order, including as to provisions thereof not explicitly set forth herein.
- 50. GCG is in possession of the Paper Ballots received and voting confirmations generated on account of votes submitted through the Balloting Portal, which are available for review during GCG's regular business hours at 5151 Blazer Parkway, Suite A, Dublin, Ohio 43017.

Tabulation Results for Class 3 and Class 4

- 51. Because the First Lien Lenders and Second Lenders all held Voting Claims in Class 3 and Class 4 against all the Debtors, (for ease of reference), GCG reports the Class 3 and Class 4 voting results in one chart.
- 52. The results of the tabulation of valid votes for each Debtor in Class 3 and Class 4 are set forth below.
