**NOTICE - Intercompany Claims.** Receivables and payables among the Debtors in these Chapter 11 Cases are reported on Schedule B16 and Schedule F, respectively, at book value. The Debtors have a centralized cash management system that uses various bank accounts for the collection of operating revenues and payment of various disbursements and other operating expenses. The Debtor HII Technologies typically sweeps funds from the individual accounts into the master account to pay expenses, debt service, and for other business purposes. Generally, as reflected herein, an account held by HII Technologies operates as the master account. Beyond transfers to and from the master accounts, in the ordinary course of business there are receivables and payables created between and among the various Debtors.

Intercompany receivables and payables on Schedule B16 and Schedule F are as of September 18, 2015 and are at book value. Unless otherwise noted in the Schedules and Statements, the Debtors record the resulting net balances of these transactions in their books and records as equalized entries that have been entered into in the ordinary course of business. The listing of any amounts with respect to such receivables and payables is not and shall not be construed as an admission of the characterization of such balances, as debt, equity or otherwise. Furthermore, the listing of these amounts is not necessarily indicative of the ultimate recovery, if any, on any intercompany asset account or the impairment or claim status of any intercompany liability account. The Debtors reserve all rights to later change the characterization, classification, categorization or designation of intercompany accounts reported in the Schedules and Statements.

Intercompany receivables may or may not result in allowed or enforceable amounts due to a given Debtor, and listing these receivables is not an admission on the part of the Debtors that the intercompany receivables are enforceable or collectible. The intercompany receivables also may be subject to set-off, recoupment, netting, or other adjustments made pursuant to intercompany policies and arrangements not reflected in the Schedules.
